

VERSATILITY:

Without Compromise, Aren't You Entitled To Use Certified Welders That Can Do It All?

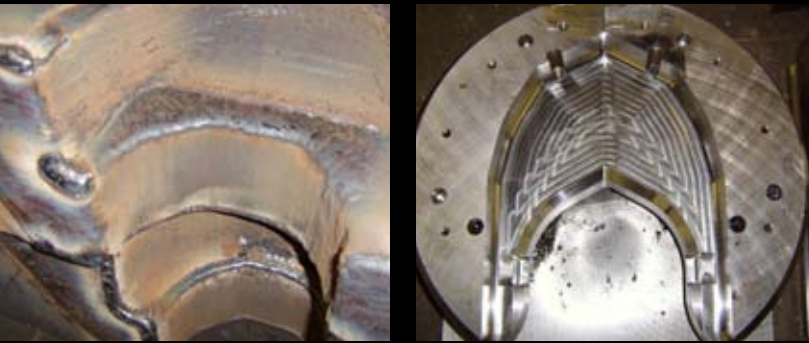

- Repairing your hammer shanks and welding to modify existing press dies

- Welding and sizing-up salvage blocks and out-of-service dies to fill your needs

- High quality hammer and press repair parts that you can count on

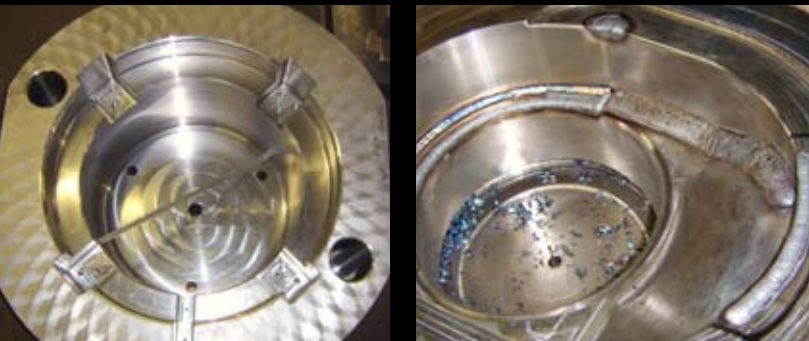

- Welding overlays that extend die life to cut your costs in purchasing (the days of high priced steel are over)

Take notice of the premier welding company in the industry – **Stellar Forge Products, Inc.**

We help you maximize all the valuable resources available to your forging operations.

Experience the difference: lower costs and no lead times with quality and versatility that is unmatched!
